I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Road maintenance or upkeep should not in any way be incumbent on any person or activity living in the rural sector. Ongoing human population expansion is inevitable and roading should reflect this in general council planning. Staglands provides a service for the greater regional community and the proposed restricted hours do not recognise this service. Weddings, funerals or just general function restrictions should not be imposed on this rural community when the same restrictions are not imposed on businesses operating in an urban environment.

My submission is that

Council reconsider the proposed plan in light of this submission and act accordingly.

I seek the following decision from the local authority

Amend the proposed plans to reflect these concerns.
