I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

The paddocks behind my address in 7 Indiana Grove in Totara Park

My submission is that

To decline the application for this not be rural land anymore. There are a number of trees and native trees that home many of our native birds that will be cut down if these homes go up. There are fantails, tuis, Kererūs and many more bird and wildlife that have a home There. I see them daily fly in and out if their nests in the trees behind my house in the paddocks and it would be human cruelty to cut down their homes for homes for people. Not only that, it's a hub for other wildlife like the horses and sheep that roam there. I like many proud Totara Park residents would be disgusted and disappointed if these houses were to go ahead. Mt vote Is definitely a NO for the rural paddocks to be changed to residential for the poor native animals that live there.

Please indicate whether you wish to be heard in support of your submission (tick appropriate box)

I do wish to be heard in support of my submission.

please indicate whether you wish to make a joint case at the hearing if others make a similar submission (tick appropriate box)

I do wish to make a joint case.
