I could gain an advantage in trade competition through this submission

No

The specific provisions of the proposed Plan Change that my submission relates to are as follows

Berketts Farm development

My submission is that

There has been no prior consultation about Berketts farm development. As a resident of Sierra Way I can say with confidence that adding more traffic to Sierra Way and Blue Mountains road is unsafe. Sierra Way as a single lane road, in most places, is insufficient to provide for construction traffic and additional traffic from a significant number of additional residents. In addition further development in the area will have a negative impact on the surrounding native bush and natural environment.

I seek the following decision from the local authority

Berketts Farm development does not proceed in its current state due to the impact on road safety, traffic and the natural environment.
