**The specific provisions of the proposed Plan Change that my submission relates to are as follows**

I was not made aware of the plan change. So I have not had enough time to go over the whole document. But I javelin many concerns which I have not been able to find in the document

---

**My submission is that**

I wish to be heard I was not made aware of the plan 50 change I am concerned about the bird wildlife we have many native endangered species around that need to be considered as there homes are going to be effected. I am concerned that the waste water from these

properties has not be thoroughly thought out. I believe the roading is not sufficient for any more vehicles as it already is unsafe with many drivers crossing the centre lines of the current road. Also the road has many pot holes which will become a lot worse. From what I have noticed a lot of plan 50 is just a copy and paste of the old plan with things being removed to suit the development, which I strongly disagree with. I have not had sufficient time to read and understand plan 50, we want it to be scrapped and the plan to be started over again from the start. With consulting of the public and residents in the area.

---

**I seek the following decision from the local authority**

I wish to be heard. I want the plan 50 to be scrapped and started again with consulting the effected nearby residential area
