- 8.3 The parties acknowledge that, under the Master Services Agreement, development contributions and agreements are identified as a service expected to be contracted under

- 8.4 Nothing in this agreement limits, amends or overrides any obligation under the Transfer Agreement, including the matters identified in clause 9.5(b) of the Transfer Agreement relating to the payment by the Council of development contributions, or financial contributions to which section 129(3) of the Act applies. To the extent of any inconsistency between this agreement and the Transfer Agreement in relation to those payments, transfers or associated arrangements, the Transfer Agreement prevails.
- 8.5 The parties acknowledge that section 127(5)(b) of the Act requires this agreement to be made publicly available. The parties agree that they may take reasonable steps to give effect to that requirement, including, where practicable, by making this agreement, or a copy of it, accessible on their respective websites and publicising both the fact that it is available and the manner in which it may be accessed.
- 8.6 The parties acknowledge that the Council and the Water Organisation may also publish a short description of the Services provided under this agreement in order to provide a summary explanation of the nature and content of this agreement.
- 8.7 Nothing in this agreement limits either party's ability to disclose this agreement, or any information relating to it, to the extent required by the Local Government Official Information and Meetings Act 1987 (LGOIMA) or any other applicable law, including in response to a request for official information.

9. Liability

- 9.1 The parties acknowledge that the Council, as a shareholder in the Water Organisation, is providing these Services as an interim and transitional measure to assist the Water Organisation during the period while the Water Organisation develops its own capabilities in relation to the administration of its Initial Policy. The Water Organisation intends to develop its own capabilities as quickly as reasonably possible, and acknowledges that the Services are to be provided on a cost recovery basis.
- 9.2 Subject to clause 9.3, neither party is liable to the other, and each party waives any claim it may otherwise have against the other, for any loss, damage, liability, cost or expense arising out of or in connection with this agreement.
- 9.3 Clause 9.2 does not apply to:
 - (a) the Water Organisation's obligation to pay amounts properly due under clause 6;
 - (b) any fraudulent, unlawful or wilful misconduct of a party; and
 - (c) any liability that cannot lawfully be excluded.

10. Variation and termination

- 10.1 Any variation to this agreement must be in writing and signed by both parties.
- 10.2 The parties may terminate this agreement at any time by written agreement.
- 10.3 Termination of this agreement does not affect:
 - (a) any accrued rights or obligations of either party;

- (b) the Council's obligation, subject to clause 6.8, to transfer to the Water Organisation any amount of development contributions collected by it up to the date of termination; or
- (c) the Water Organisation's obligation to pay amounts properly due to the Council for Services performed up to the date of termination.

11. Agreed processes and operational arrangements

- 11.1 The parties may agree processes, templates, directions and other operational arrangements for the purposes of this agreement in writing, including by email between the contacts identified in Schedule 1. Any such process, template, direction or arrangement must be consistent with this agreement, the Initial Policy and applicable law, and does not amend this agreement unless expressly stated and signed by both parties in accordance with clause 10.1.

12. General

- 12.1 Nothing in this agreement creates a partnership, joint venture or relationship of principal and agent between the parties, except that the Council may act for or on behalf of the Water Organisation to the limited extent expressly contemplated by this agreement in relation to its performance of the Services.
- 12.2 This agreement records the entire interim agreement between the parties in relation to the Services.
- 12.3 Each party acknowledges that it may receive a request under LGOIMA relating to this agreement or the Services. If a party receives such a request, it will consult with the other party and take its views into account before deciding the response, including whether any grounds for withholding official information apply. The final decision on release will be made by the party that holds any relevant information and that receives the request in accordance with LGOIMA (unless the request is transferred to the other party), and that party will notify the other party of the decision and, if information is to be released, before that release.
- 12.4 Either party may disclose this agreement to the extent required by law. Otherwise, each party must treat any non-public information received from the other party in connection with this agreement as confidential, except to the extent disclosure is reasonably required for the administration of the Services or the exercise of a party's rights or obligations under this agreement.
- 12.5 If any dispute arises in connection with this agreement, the parties will first seek to resolve it promptly and in good faith through the contacts identified in Schedule 1. If any dispute is not resolved within 10 Business Days, either party may escalate it to the chief executive or equivalent senior decision-maker of the other party for resolution.
- 12.6 The parties will act in good faith and use reasonable endeavours to work together in a timely and co-operative manner to give effect to this agreement, including by sharing relevant information on a 'no surprises' basis where reasonably practicable.
- 12.7 This agreement may be signed in counterparts.
